Soft Skills	Communication, Teamwork, Problem-solving, Analytical thinking, Attention to detail

EXPERIENCE

Manual Tester	Feb 2023 - Mar 2024
Subtle Solutions	Pune, Maharashtra
<ul style="list-style-type: none">Conducted functional and non-functional testing of software applications. - Designed and executed test cases to ensure product quality. - Utilized bug tracking tools like Jira to log and track issues.Collaborated with the development team to identify and resolve bugs. - Participated in regression testing, retesting, and user acceptance testing. - Gained experience in creating automated test scenarios to improve efficiency.Verify the accuracy of calculations, validations, and error handling mechanisms.Document test results, including test execution reports, defect logs, and test coverage matrices.Achievements: - Successfully completed a software testing Experience certification from Subtle Solutions <p>Developed expertise in testing Retail Banking domain projects, gaining knowledge of Retail Banking plans</p>	

PROJECTS

Online Banking Portal Testing.

Domain: Retail Banking

Led comprehensive testing for an Online Banking Portal Testing platform aimed at enhancing the user experience and ensuring flawless transactions.

- Roles and Responsibilities: - Understand the requirements and user stories for the online banking portal.
- Design test scenarios to validate different user journeys, including account registration, login, fund transfers, bill payments, and statement generation.
- Execute test cases manually on different web browsers and devices to ensure compatibility and responsiveness.
- Conduct accessibility testing to ensure compliance with accessibility standards (NVDA Tool) and provide an inclusive user experience for customers with disabilities.
- Perform performance testing to evaluate the responsiveness and scalability of the online banking portal under varying load conditions.
- Conduct regression testing to validate the stability of new features and changes introduced in the portal.

Achievements : - Improved application reliability by 20%, resulting in a smoother customer experience. - Successfully reduced post-release defects by 15%, contributing to overall system stability. -

Tools Used: Jira for defect tracking, Load-Runner, NVDA, Selenium for automated testing....

EXTRA-CURRICULAR ACTIVITIES

- Engage in team sports or individual sports to enhance hand-eye coordination, foster teamwork abilities, and promote a healthy and active lifestyle.

LEADERSHIP

- Team Collaboration: Foster a collaborative environment by actively participating in team meetings, sharing insights, and working together to achieve testing goals
- Communication: Effectively communicate with stakeholders, developers, and team members to ensure clarity on testing objectives, results, and any challenges faced during the testing phase
